An entry level compensation program

To Qualify:	40 IP PV*	40 IP PV* + ASAP + 3- 1st Level Active Legs
Level 1	25%	25%
Level 2	10%	10%
Level 3		5%**

To qualify for 2 levels of commissions in any given month you must simply purchase 40 IP in that month.

To qualify for commissions on the 3rd level you must be signed up on a 40 IP A.S.A.P. and have 3 1st level referrals purchasing (40 IP) in that month.

IP (International points) Explained:

Each Life Plus product is assigned a commission value IP (*International Points*). Commissions are calculated on that value.

Qualifying orders are also calculated on that value.

Example 1: Daily BioBasics sells for \$55 regular price

International Points (IP) = 40 IP

25% commission would be \$10

10% commission would be \$4

5% commission would be \$2

Example 2: Daily BioBasics sells for \$49 on A.S.A.P.

International Points (IP) = 40 IP

25% commission would be \$10

10% commission would be \$4

5% commission would be \$2

Regardless of what discount is applied to the product or what country it is sold in, the IP commission remains the same.

This 3 level compensation plan is designed as an entry level program that allows members to earn extra income on a part-time basis. Some members will want to build a serious business well beyond 3 levels of compensation. LifePlus has designed an Infinity Compensation Plan for those members. See the US-CompensationPlan
